SmartScan Colour Lite

Wireless, manual colour control of SmartScan ColourActive luminaires

SmartScan Colour Lite is an impact-resistant, wall-mountable manual control for SmartScan ColourActive luminaires. It offers buttons for five fixed colour temperature levels.

Thorlux ColourActive human-centric lighting technology produces specially formulated artificial light that replicates the natural cycle of daylight, intended to promote wellbeing, mood and health. Varying the colour temperature of artificial lighting to emulate daylight dynamically may help regulate a person's circadian rhythm, improving lighting conditions and potentially benefiting health and well-being.

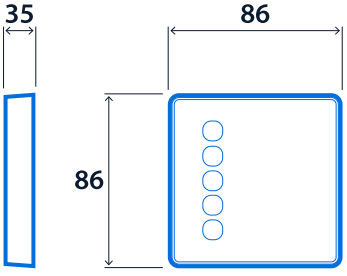

- 5 fixed colour temperature levels
- Mains (230 V) or battery powered versions available
- Communicates wirelessly with SmartScan luminaires
- Mains versions have additional wireless connectivity allowing control from the SmartScan App (iOS and Android)
- Requires a 35 mm deep single-gang back box (mains version only)
- Battery version is supplied complete with batteries and self-adhesive tape and can be mounted directly to the wall
- Multiple touch plates can be used to provide multi-point control
- Programmable using the SmartScan programmer
