SmartScan Scene Remote

Infrared scene control for SmartScan luminaires

A lightweight, hand-held infrared remote control for scene control of groups of SmartScan luminaires, using clearly labelled touch buttons.

The SmartScan Scene Remote is supplied with a unique, robust wall-mounting bracket to affix it in an easy-to-find spot, with an optional locking kit for security.

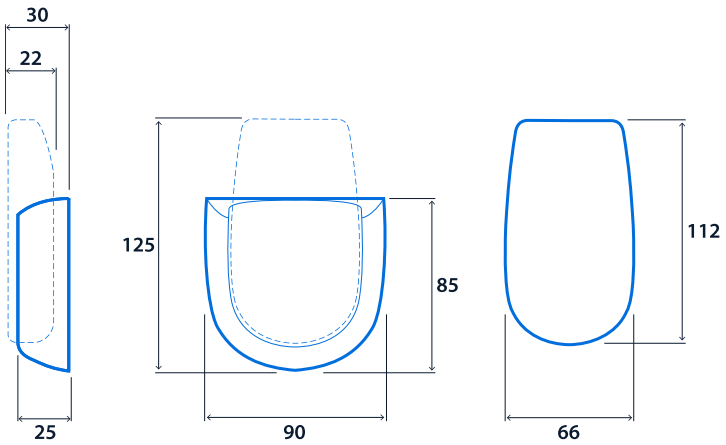

- Tough, impact-resistant polycarbonate body
- Controls groups of SmartScan luminaires
- Touch sensitive buttons, providing ECO (automatic control) and 3 preset scenes (customisable at the luminaire)
- Additional teaching and meeting versions with buttons tailored to room applications
- Supplied with robust wall mounting bracket
- Optional locking kit available for added security
- Powered by 2 CR2032 3 V battery (supplied)
